Gross Motor Group	Fast/ slow music walk according to speed of song	Carry heavy or light back pack	Jumping in and out of hula hoops	Full/ empty pick-up game	Red light/ green light game also play stop and go game

Parent/Family Notes and Reminders:

Outdoor Activities

Leaves are falling-Talk about why leaves change color. Talk about why leaves fall.

We will also fill up our pumpkin trash bags and have fun playing different games with them.

We will also collect leaves and other fall items for our fall crowns.

Our persimmon tree is ready for harvest. So, the kids will collect persimmons and explore them.

We will then mash them and turn them into persimmon muffins. Yummy!!

Family Partnerships

Bring Jacket and extra clothes.

Weather changes so much during the day that we will probably need jackets in the morning. Extra clothes are especially important for those days that it is damp and we may need to change their outfit once we come back inside.

Wow! Experiences

What a great turn out for our Fall Carnival. We had 95% participation.

Thanks to all the families who provided side items and cake walk items.
